* Proper use of earnings forecasts, and other special matters

1. The forward-looking statements, including forecasts of financial results, contained in these materials are based on information currently available to Sharp Corporation (“the Company”) and on certain assumptions deemed to be reasonable. However, the Company makes no guarantee that these forecasts will be achieved. Actual results may vary due to a variety of factors.
2. The Company is scheduled to hold a financial results briefing on Monday, November 10, 2025. The financial results briefing materials used in this briefing will be posted on the Company's website promptly after the announcement.

1. Qualitative Information

(1) Qualitative Information regarding Consolidated Financial Results for the Six Months Ended September 30, 2025

Please refer to the presentation material “Consolidated Financial Results for the Second Quarter, Fiscal 2025” on our company website.

(2) Material Events Related to the Going Concern Assumption

During the fiscal year ended March 31, 2025, the Group achieved profitability again after two years of losses through business restructuring including Asset Light Initiatives. Additionally, in the first half of the current fiscal year, 45,480 million yen of profit attributable to owners of parent was recorded, recovering our equity ratio up to 14.6% from 10.5% as of March 31, 2025. However, in pursuit of further improvement of our financial foundation, we are continuously working to accelerate “Global Expansion” and “Business Transformation” of Brand Business, as stated in the Medium-Term Management Plan, aiming to enhance profitability and growth potential.

In terms of funding, Sharp shares information regarding our operating and financial position and consults with major lending institutions on ways to improve our financial position as necessary, in order to maintain and continue our borrowing agreements, thereby stabilizing our financial resources. Additionally, with regard to the syndicated loan agreements maturing in April 2026, refinancing discussion with our primary financial institutions is going well, entering the phase of looking into specific terms.

While certain events or circumstances may have given rise significant doubts in connection with the going concern assumption, there are no material uncertainties noted that are applicable to Notes Related to the Going Concern Assumption.

3. Segment profits or losses are adjusted for operating profit in consolidated statements of income.

ii. Change in segment classification

In the previous fiscal year, we categorized the Group's reportable segments into five: Smart Life & Energy, Smart Office, Universal Network, Display Device and Electronic Device. Effective from the first quarter of the current fiscal year, reportable segments had recategorized into three: Smart Life, Smart Workplace and Display Device.

This reorganization divides our strategic brand business into two groups: the Smart Life Business Group, which focuses on lifestyles, and the Smart Workplace Business Group, which focuses on workstyles. Our goal is to focus and shift our business to accelerate new value creation in each area and enhance profitability and growth potential. Meanwhile, Display Device continues to concentrate on high-value-added products for automotive, mobile, and industrial applications where we can maintain a competitive advantage.

Following the change in segments, the TV system business (formerly under Universal Network) is now classified under Smart Life, along with the previous Smart Life & Energy. Similarly, the mobile communication business (formerly under Universal Network) is now included in Smart Workplace, along with the previous Smart Office. In addition, we group Electronic Device, which is being transferred, and Sakai Display Products Corporation, which has ceased production, under Other and exclude them from the reportable segments.

The segment information for the six months ended September 30, 2024 has been restated under the classification after the change.

iii. Information on segment assets

With regard to the transfer of the camera module business, the Group transferred its equity in Saigon STEC Co., LTD. (hereinafter referred to as "SSTEC"), a consolidated subsidiary, and excluded it from the scope of consolidation. Furthermore, certain assets (inventories and property, plant and equipment) are being transferred to SSTEC after the equity transfer. In addition, the Company has transferred the rights and obligations related to the business operated by Sharp Fukuyama Laser Co., Ltd. (hereinafter, "SFL"), a consolidated subsidiary, to SFL through a company split (absorption-type split) and subsequently excluded SFL from the scope of consolidation through a share transfer.

As a result, assets included in Other (formerly included in Electronic Device) as of March 31, 2025 decreased by 27,612 million yen.
