SHARP

Be Original.

Bring Effortless Document Productivity to Your Office

Quick Scanning

The MFP comes equipped with a highly efficient 150-sheet DSPF (duplex single pass feeder), which scans both pages of two-sided documents in one pass. With a scanning speed of up to 57 opm* (one-sided) or 114 opm* (two-sided), the MFP can finish even large projects quickly.

* Originals per minute; when feeding A4 sheets; 60 ppm (one-sided) or 120 opm (two-sided) for 8 $^1/_2$" × 11" sheets.

Finisher Options

Several finisher options are available. Choose the optional space-efficient finisher for simple sorting and stapling jobs. Or go with one of the other two finisher options that have a punching function.

Versatile Paper Handling

The MFP can handle a wide variety of paper, including cardstock and small media like A6-size paper*. You also have the option of the Envelope Tray, which accommodates various types of envelopes.

* A6 paper is fed via the multipurpose feeder.

QWERTY Keyboard*

A full-size QWERTY keyboard beneath the control panel makes text input fast and easy: convenient for typing things like e-mail addresses and messages, as well as passwords for user authentication.

* Requires optional 57X7020.

A smart, connected MFP with handy finisher options

Here's a smart MFP that lets you produce high-quality full-colour documents with ease. Optional wireless LAN connectivity makes it accessible to everyone in the office, while also letting you link it with a network of other MFPs. A range of finisher options add the final touch to a rock-solid 4-in-1 document solution.

Wireless LAN Connections*

An optional wireless LAN is available that conforms to the IEEE 802.11 a/ac/b/g/n standards. This lets you connect to the MFP via network infrastructure or via Wi-Fi Direct® for mobile devices. Wi-Fi Direct allows peer-to-peer connection with compatible PCs and mobile devices. This comes in handy when you need quick access to an MFP—for example, one at a client's office. Because this wireless LAN is independent from an in-house network, you don't need to worry about security. What's more, it supports dual-band connectivity for both 2.4 GHz and 5 GHz wireless networks.

* Requires optional 27X6510.

AirPrint Compatible

The MFP supports the AirPrint printing feature in Apple's iOS and macOS operating systems. AirPrint automatically detects MFPs and printers on the same network. It then lets you print directly from a mobile device without the need for a print driver.

Easy-to-Use Interface

Operating the MFP is easy and intuitive with the free-tilting control panel and 10.0-inch colour LCD touchscreen. In Easy UI mode, the touchscreen displays simple icons for frequently used functions. And with the Preview function, you can check the finish of a print and scan job in advance.

Front USB Port

At the front of the MFP is a USB port, which comes in handy when printing directly from a USB drive—an indispensable function for users who want quick machine access without a PC.

Device Management

Sharp Remote Device Manager* (SRDM) gives administrators centralised control of their networked MFPs and printers. This software covers system setup, security settings, troubleshooting, and more.

* Contact a Sharp customer representative for availability and other details.

Security

Protect your intellectual property. A wide range of security features help to keep your information safe, whether it's in a document, on the device, or over your network.

Efficient Output

This MFP delivers a fast output of 57/52 ppm*. The first colour copy comes out in 7.0 seconds, saving you valuable time when performing multiple short-run jobs.

* A4, short-edge feeding; 60/55 ppm for 8 1/2" x 11" size.

57 PPM MX-C607F

52 PPM MX-C557F
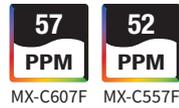

Ample Paper Capacity

Three 550-sheet trays and a 100-sheet multipurpose feeder come standard. An optional 550-sheet tray and a 2,200-sheet tray are available for a total paper capacity of 4,500 sheets.

ID Card Copy

The MFP lets you easily copy both sides of a card (ID cards, credit cards, etc.) onto a single page.

Front

Back
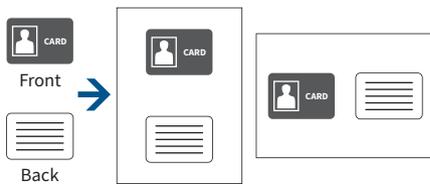

Office Direct Printing*

Print common Microsoft® Office files without using a PC. With this MFP, you can print a Word, Excel®, or PowerPoint® file directly from a mobile device, USB drive, or file server.

* The actual printout may look different from what is displayed on the computer screen.

Mobile device

USB drive

File server

Printer Driver with Easy Setup

The printer driver setup window features a simple design that includes larger buttons and drop-down menus, making it easier than ever to use printer functions.
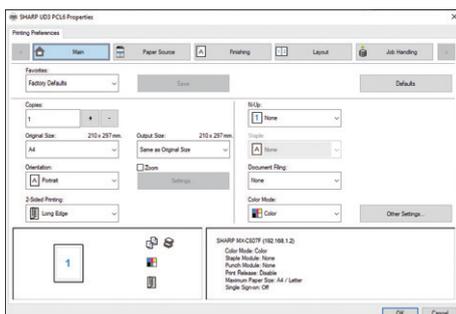

Multiple Scan Destinations

Scanned documents can be distributed in a number of ways. For example, they can be sent as e-mail attachments or they can be scanned directly to an FTP server for storage. A compact PDF function ensures that PDF files are sent and received smoothly.

Document · Scan · Scan to · E-mail · External memory · Internet · Super G3 fax · Network folder · FTP server
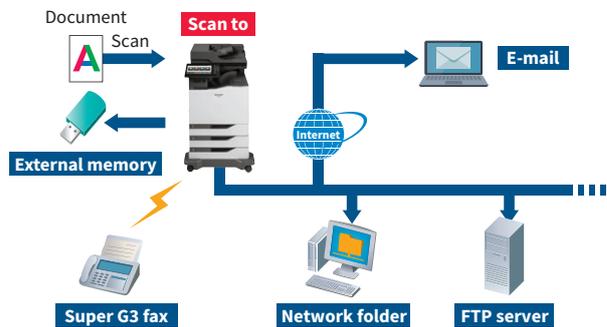

Convert Documents via OCR

OCR capability on this MFP lets you convert a scanned document into a searchable PDF file or into an editable Microsoft® Office Word file. This means you can do speedy text searches, even with large-volume documents, and you can easily copy and paste text data into other applications.

Create searchable PDFs and editable Word files without a PC

Searchable
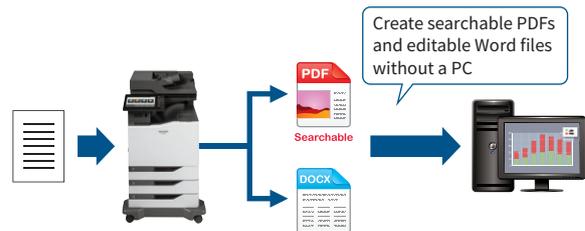

Convenient Faxing

The MFP supports colour faxes, paperless faxing, and other convenient functions. You can forward faxes to a pre-designated location, such as an FTP server, network folder, or email. This means you can check faxes even when you're out of the office. You can also block junk faxes, allowing you to save on wasted paper and toner. And, for extra security, you can hold incoming fax data and print it out at a time that suits you.

Forward a fax automatically to your chosen location

Fax · FTP server · Network folder · Email (PC, mobile device)

MX-C607F/C557F Digital Full Colour Multifunctional System
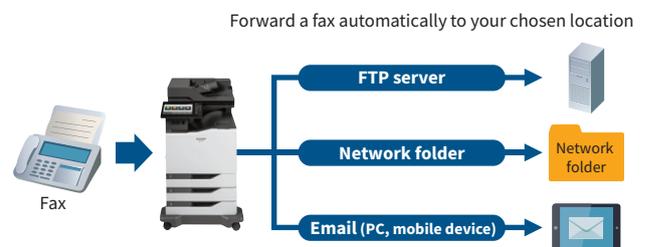

SPECIFICATIONS

General

Type	Console
Engine speed	A4*[1]: Max. 57/52 ppm
	8 1/2" x 11"*[1]: Max. 60/55 ppm
Control panel display	10.0-inch colour LCD touchscreen
Paper size	Max. A4 (8 1/2" x 14"), min. A6 (5 1/2" x 8 1/2")
Paper capacity	Standard: 1,750 sheets
(75 g/m²)	(550-sheet tray x 3 and 100-sheet multipurpose feeder)
	Maximum: 4,500 sheets
	(1,750 sheets & optional 550-sheet tray and 2,200-sheet tray)
Paper weight	Tray 1: 60 g/m² to 300 g/m² (16 lbs bond to 110 lbs cover)
	Trays 2–5: 60 g/m² to 176 g/m² (16 lbs bond to 65 lbs cover)
	Multipurpose feeder: 60 g/m² to 176 g/m²
	(16 lbs bond to 65 lbs cover)
	2,200-sheet tray: 60 g/m² to 120 g/m² (16 lbs bond to 32 lbs bond)
Memory	Standard: 2 GB 500 GB HDD*[2]
	Option: 2 GB
Dimensions (W x D x H)	662 x 658 x 1,162 mm (26.1" x 25.9" x 45.8")
Weight (approx.)	131.3 kg (288.9 lbs)

Copier

Original paper size	Max. A4 (8 1/2" x 14")
First copy time*[3]	[A4] Colour & B/W: 7.0/7.0 sec.
	[8 1/2" x 11"] Colour: 7.0/7.0 sec. B/W: 6.0/6.5 sec.
Continuous copy	Max. 9,999 copies
Resolution	Max. 600 x 600 dpi
Zoom range	25% to 400% in 1% increments
Preset copy ratios	6 ratios (2R/4E)

Scanner

Scan method	Push scan (via control panel)
	Pull scan (TWAIN-compliant application)
Scan speed*[4]	[A4] One-sided: Max. 57 originals/min.
(colour & B/W)	Two-sided: Max. 114 originals/min.
	[8 1/2" x 11"] One-sided: Max. 60 originals/min.
	Two-sided: Max. 120 originals/min.
Resolution	Push scan: 75, 150, 200, 300, 400, 600 dpi
	Pull scan: 75, 150, 200, 300, 400, 600, 1,200*[5] dpi
File formats	TIFF, PDF, PDF/A-1a, PDF/A-1b, encrypted PDF, XPS, compact PDF*[6], JPEG*[6], searchable PDF, DOCX, CSV, text (TXT), rich text (RTF)
Scan destinations	Scan to e-mail/FTP server/USB drive/network folder (SMB)/HDD

Printer

Resolution	1,200 x 1,200 dpi, 2,400 (equivalent) x 600 dpi
Interface	USB 2.0 (host, high-speed), 10Base-T/100Base-TX/1000Base-T, wireless LAN (IEEE 802.11 a/ac/b/g/n)*[7]
Supported OS	Windows Server® 2008, Windows Server® 2008 R2, Windows Server® 2012 R2, Windows Server® 2016, Windows Server® 2019, Windows® 7, Windows® 8.1, Windows® 10
	Mac OS 10.10, 10.11, 10.12, 10.13, 10.14, 10.15
Network protocols	TCP/IP
Printing protocols	LPD, Raw TCP (port 9100), enhanced IP (port 9400), secure IP (port 96xx), FTP, TFTP, IPP
PDL	PCL 5c/PCL 6 emulation, PostScript® 3™ emulation
Available fonts	89 fonts for PCL, 158 fonts for PostScript 3 emulation

Facsimile

|	
Compression method	MH/MR/MMR/JBIG/JBIG2/JPEG
Communication protocol	Super G3/G3
Transmission time	Less than 3 seconds*[8]
Modem speed	33,600 bps to 2,400 bps with automatic fallback
Transmission resolution	B/W: From Standard to Ultra Fine
	Colour: From Fine to Super Fine
Recording size	A4 to A6 (8 1/2" x 14" to 5 1/2" x 8 1/2")
Memory	1 GB (built-in)

*1: Short-edge feeding.
*2: HDD capacity depends on procurement and sourcing status.
*3: Short-edge feeding of A4 (8 1/2" x 11") sheets from 1st paper tray, using document glass, MFP in fully ready condition. May vary depending on operating conditions and environment.
*4: Scan speed will vary depending on the type of document, scan settings, operating conditions, and environment.
*5: Scans of up to 1,200 × 1,200 dpi are supported via TWAIN, with the driver performing some interpolation.
*6: Colour/greyscale only.
*7: Optional.
*8: Based on ITU-T test chart #1 at 33,600 bps.
